How The Fund Has Performed

This tells you how the fund has performed over the past 10 calendar years. Returns are net after expenses. These expenses reduce the fund's returns.

Year-by-year Returns

The Fund did drop in value twice in the past 10 calendar years. The range of returns helps you assess how risky the Fund has been historically. It does not tell you how the Fund will perform in the future.

Average Return

If you had invested \$100,000 in the Fund 10 years ago, your investment would now be worth \$194,200. This works out to an annual compound return of 6.9%.

Risk Rating & Tolerance (Last 10 Years)

The value of the Fund can go down as well as up. STYLUS has rated this fund's risk as medium/low.

	Standard Deviation Risk measurement of volatility of annual returns. Higher value equals higher expected volatility.	Sharpe Ratio Investment performance relative to the amount of risk associated with an investment. Higher values indicate better returns compared to amount of investment risk.	Beta Measure of volatility compared to an Index. Lower beta indicates less volatility than the market.	Risk Tolerance Low: Small chance of losing some or all of your investment Medium: Modest chance of losing some or all of your investment. High: Strong chance of losing some or all of your investment
STYLUS VI Fund	11.9%	0.90	0.49	Low Medium High
S&P/TSX	13.6%	0.42	1.00	Low Medium High

How Much Does It Cost

The following tables show the fees and expenses you would pay as a unitholder of the Fund.

Fund Expenses

You do not pay these expenses directly. They affect you because they reduce the Fund's returns. As of June 30, 2017, the Fund's expenses were 1.61% of its value. This equals \$16.11 of expenses for every \$1,000 invested.

Management Expense Ratio (MER): This is the total of the fund's management fee and operating expenses.	1.55%
Trading Expense Ratio (TER): These are the Fund's trading costs.	0.06%
Fund Expenses (MER + TER):	1.61%
The Fund is also subject to pay an annual performance fee to the portfolio manager, equal to 20% above a net annual return of 9%.	

Other Fees

You may be required to pay an early redemption fee if you redeem units of the Fund within 90 days of initial purchase.

A Word About Tax

Generally you will have to pay income tax on any type of income made on your investment. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan such as a RRSP or TFSA.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

Who Is This Fund For

The Fund invests in companies with low price-to-earnings and low price-to-book ratios with strong profitability and above average dividend yields.

The Fund is suited for investors who are looking for:

- A long-term investment with lower volatility;
- Moderate risk and downside protection;
- Exposure to Canadian based equities which pay a dividend.
